

Introduction to the Global University Alliance

Advanced Cross-Culture Leadership Program

Global University Alliance

Research Themes

The Global University Alliance aligns intellectual resources across the academic world to:

RESEARCH: Address research concerns and questions that span from leadership to operational execution concepts, design, functions, tasks, information handling and governance and the relationships between those concepts within leadership and management disciplines.

UNIVERSITY CURRICULUM: Develop university curriculums for General Executive Programs (General Management, Advanced Management Programs), Bachelor and Master level.

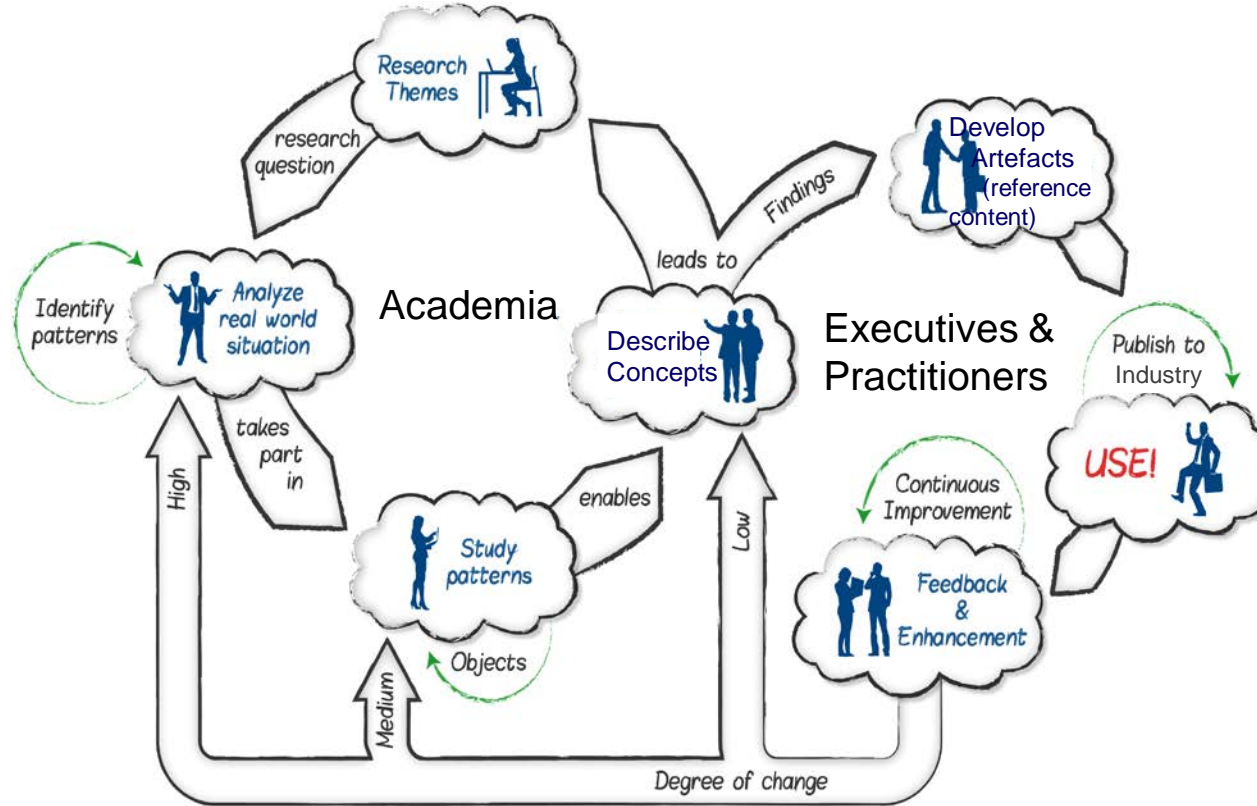

DEVELOP STANDARDS: Package applied academic research and findings into reusable Business and Information Management standards that used by industries and universities alike.

COMMUNITY SHARING: Share and publish the findings either in publications or to the Business & IT community as a whole.

Publications: We publish our research and findings in multiple publications, both together as a research group or as individuals (based on research focus).
